## DETAILED ACTION

### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

2. The application has been amended as follows:

#### IN THE SPECIFICATION:

Page 7, line 16, "298" has been replaced by --28--.

#### ***Allowable Subject Matter***

3. The following is an examiner's statement of reasons for allowance: Applicant argues at page 6, lines 13-16 of the comment filed on 6/1/06 that Kasugai only discloses allocating time slots to base stations and registering mobile stations to the base stations and does not teach allocating a dedicated portion of the user control channel to a subscriber. Such argument is convincing. In addition, such limitation (as underlined) in combination with the other claimed limitations is not anticipated or rendered obvious by Kasugai.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

**Response to argument**

2. In the comment filed on, 6/1/06, pages 4-5, applicant stated that the rebuttal, mailed on 2/7/06, seems to indicate a fundamental misunderstanding of the disclosure of Kasugai for confusion between the transmitter/receiver 22 which is associated with the base stations and the mobile stations. Note that the rebuttal intended to refer to the mobile stations as reference "40" and that reference "22" was inadvertently used. And such correction should remove any indication of confusion and/or misunderstanding.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jean B. Corrielus whose telephone number is 571-272-3020.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Jay Patel can be reached on 571-272-2988. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
